**Treasurer's Report:**

Charlynn went over the Budget Analysis, which did not include field day, principal funds, teacher reimbursement, Pancakes, field trips, etc. We will give the APTO credits/fees back to the school given their financial situation.

Thoroughly discussed use of the excess funds, which were going to be used towards replacing the roof over the school building. Quote came in at about \$80K which is more than we want to spend. Concern that giving the funds to the Church could lead to misuse of funds. Talked about using the funds earmarked for gymnasium upgrades to be reassigned to updating the curriculum, but the school has not presented APTO with quotes for that.

Motion to approve budget approved by Christina, seconded by Lorez

**Principal's Report:**

Principal not present, likely due to the school board meeting at the same date/time; no Principal's representative
